# Inaugural Faculty Report – Fall 2022 – Southern California University

## Introduction: Understanding this report

The Faculty Report provides total faculty by unit at SCU, beginning with the University as the global unit, and then reports all other units. In general, “department” units include multiple programs, while “program” units are individual programs. Total student enrollment and an approximate student faculty ratio is reported for each unit where such can be appropriately calculated. The Report utilizes the faculty classifications from the Faculty Handbook:

Faculty and Administrator Classifications Overview									
Faculty Classification and Job Title	Status	Receives Employment Agreement	Eligible for Compensation/Bonus**	Receives Letter of Appointment	Benefit Eligible	Accrues Vacation	Rank Eligible	Participates in Faculty Performance Appraisal (FPA)	Summary
University Faculty	Full-Time	Yes	Yes	Yes	Yes	Usually not	Yes	Yes	Employed and Rank Eligible
	Part-Time	Yes	Yes	Yes	No	No	Yes	Yes, if rank sought; otherwise evaluated through other methods	
SCU Health Faculty	Full-Time	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Employed and Rank Eligible

Administrator I	Full-Time	Yes	Yes	Yes	Yes	Yes	Yes	Yes, if rank sought; otherwise evaluated through other methods	Employed and Rank Eligible

\*Adjunct faculty members are not typically full-time.

\*\* Bonuses are not guaranteed nor awarded based on any particular timeframe or schedule.

The fact that this report uses only university Faculty Classifications from the Handbook is important, as some programs use additional terms to describe faculty to meet their individual accreditation requirements such as “core,” “associated,” “principal,” or “instructional/teaching” faculty. Further, some programs may have specific methods required for calculating student faculty ratios. Those programs monitor and record those ratios independently of this report. This report is an institutional view and uses SCU’s classifications and the methods reported here as applied in standard fashion across all units.

Future reports may include additional demographics. This initial report includes rank, classification, and student faculty ratios by unit.

Notes:

**Dual-listed Faculty:** A very small number of faculty are dual-listed as University and SCU Health Faculty. In this report, they are each counted once - in their primary area.

**FT Adjunct:** Two faculty are *unique* as FT Adjuncts. These are Full-Time employees (previously non-faculty) doing additional work as Adjuncts - status will likely update to SCU Health faculty because their role has evolved.

**Ranked Adjunct:** Two faculty are *unique* as ranked Adjuncts due to circumstances that preceded their adjunct status, one as Emeritx faculty, the other as previously ranked Associated Faculty (visiting scholar).
