

Campus Safety
office of auxiliary operations

Dear Campus Community,

As of May 15th, there are no confirmed cases of COVID-19 at SCU. To date there are 36, 259 confirmed cases in LA County (including Long Beach and Pasadena), and 4,125 in Orange County. The most current information regarding COVID-19 (novel coronavirus), including past emails/updates can be located on our web page [HERE](#).

Update #14 (05/15/2020)

Topics: [Health Order](#) | [LA County Roadmap to Recovery](#) | [Wi-Fi Locator Tool](#) | [Information on Testing](#) | [FAQ available](#) | [Classes](#)

Message from the COVID-19 Response Team

Our team continues to monitor the situation and will continue to issue an update at least once a week on Fridays unless more frequent communication is needed.

Latest LA County Health Order

LA County Health Officials have issued new guidance concerning the [“Stay at Home” Order](#). The new guidance now allows for lower-risk retail businesses to reopen for curbside, doorside, or other outdoor or outside pickup, or delivery only. Prior to reopening, these businesses must implement the County’s requirements for social distancing and safe practices.

An interactive dashboard is available that provides an overview on COVID-19 testing, cases and deaths along with maps and graphs showing testing, cases and death data by community poverty level, age, sex and race/ethnicity. To view Public Health's COVID-19 Surveillance Dashboard, visit: http://dashboard.publichealth.lacounty.gov/covid19_surveillance_dashboard/

The Department of Public Health reminds everyone that if you are ill, even with mild symptoms, please self-isolate at home for 7 days and until you are fever and symptom free for 72 hours. If you have been in close contact with a person who has tested positive for COVID-19 or is presumed to be infected with COVID-19, you must quarantine for 14 days from your last contact with that individual. Individuals who are elderly or who have underlying health conditions may be at higher risk of serious illness and should contact their doctor as soon as they are sick.

The most recent press releases from Los Angeles County Health Order can be viewed [HERE](#) and an FAQ regarding home quarantine guidance can be found [HERE](#).

LA County Roadmap to Recovery

LA County is currently in “Stage 2” on the Roadmap to Recovery and allows for the restricted opening of several non-essential business operations. More information concerning the Road to Recovery can be found [HERE](#). At this time, the limited campus opening for SCU is still slated for July 13th.

New Wi-Fi Locator Tool

Los Angeles County has launched a new Wi-Fi locator tool to assist with gaining a secure internet connection. The website is located at findwifi.lacounty.gov or you can dial 2-1-1 for assistance.

Information on Testing in LA County

In addition to the 35 drive-up testing sites throughout LA County for LA County residents that are safe, free, and do not require proof of medical insurance, we are also offering drive-thru testing on the SCU campus for residents of any county. To schedule a COVID-19 test at SCU, call 562.943.7125 or visit <https://scuhealth.org/covid19testing/>.

To seek testing at another LA County testing site, visit covid19.lacounty.gov/testing or dial 2-1-1. You must have an appointment for a test, but there are many time slots available—including same-day, or next-day appointments.

If you are having difficulty breathing or have a high fever or other worrisome symptoms, call 9-1-1.

[My Health LA](#), a free health care program with a network of more than 200 community clinics for low-income LA County residents who are 26 years or older, is also an available resource.

FAQ

SCU’s comprehensive FAQ can be found <https://www.scuhs.edu/coronavirus-covid-19-information/>. The FAQ contains information about Academic Instruction, Student Support, Tuition/Fees, Financial Aid, and more.

Classes

Because of the campus closure, **all courses in all programs are being delivered online. Reopening of campus is currently scheduled for July 13, pending any additional updates.** Supporting student progress towards graduation remains a top priority for the University.

Additional Information

Los Angeles County has announced same-day tests for all LA County residents showing COVID-19 symptoms. For more information, visit <https://covid19.lacounty.gov/testing>

The Center for Disease Control (CDC) COVID-19 Situation Summary as of 04/19 can be found [HERE](#). The CDC also publishes information for travel, including information about countries with elevated risk, which can be found [HERE](#).

In the meantime, if you have any questions, please visit the SCU COVID-19 page [HERE](#) or email us at CampusSafety@scuhs.edu
