

Campus Safety
office of auxiliary operations

Dear Campus Community,

As of May 29th, there are no confirmed cases of COVID-19 disease at SCU. To date there are 51,562 confirmed cases in LA County (including Long Beach and Pasadena), and 5,923 in Orange County. The most current information regarding the SARS-CoV-2 virus (novel coronavirus) and COVID-19 disease, including past emails/updates can be located on our web page [HERE](#).

Update #16 (05/29/2020)

Topics: [Student Assistance Program](#) | [Health Order](#) | [LA County Roadmap to Recovery](#) | [Information on Testing](#) | [FAQ available](#) | [Classes](#)

Message from the COVID-19 Response Team

Our team continues to monitor the situation and will continue to issue an update at least once a week on Fridays unless more frequent communication is needed.

Student Assistance Program

SCU has partnered with All One Health to provide a Student Assistance Program (SAP). The SAP is a free and confidential service that offers professional counseling (up to 3 sessions per issue) and is available 24/7, 365 days a year via phone, mobile app or chat. In addition to counseling, SAP will also provide our students with life coaching, personal assistant services, medical advocacy, everyday work and life resources, and legal/financial resources—not to mention all of this in an engaging, resource-rich website and mobile app.

All One Health SAP: 1-800-756-3124

Latest LA County Health Order

LA County Health Officials have issued new guidance concerning the [“Stay at Home” Order](#). Hair salons and barbershops can reopen and in-person dining in restaurants can resume immediately with safeguards.

An interactive dashboard is available that provides an overview on COVID-19 testing, cases and deaths along with maps and graphs showing testing, cases and death data by community poverty level, age, sex and race/ethnicity. To view Public Health's COVID-19 Surveillance Dashboard, visit: http://dashboard.publichealth.lacounty.gov/covid19_surveillance_dashboard/

The Department of Public Health reminds everyone that if you are ill, even with mild symptoms, please self-isolate at home for 7 days and until you are fever and symptom free for 72 hours. If you have been in close contact with a person who has tested positive for COVID-19 or is presumed to be infected with COVID-19, you must quarantine for 14 days from your last contact with that individual. Individuals who are elderly or who have underlying health conditions may be at higher risk of serious illness and should contact their doctor as soon as they are sick. The most recent press releases from Los Angeles County Health Order can be viewed [HERE](#) and an FAQ regarding home quarantine guidance can be found [HERE](#).

LA County Roadmap to Recovery

LA County has moved to the advanced stages of “Phase 2” to better align with neighboring counties.. More information concerning the Road to Recovery can be found [HERE](#). At this time, the limited campus opening for SCU is still slated for July 13th.

Information on Testing in LA County

In addition to the 35 drive-up testing sites throughout LA County for LA County residents that are safe, free, and do not require proof of medical insurance, we are also offering drive-thru testing on the SCU campus for residents of any county. To schedule a COVID-19 test at SCU, call 562.943.7125 or visit <https://scuhealth.org/covid19testing/>.

To seek testing at another LA County testing site, visit covid19.lacounty.gov/testing or dial 2-1-1. You must have an appointment for a test, but there are many time slots available—including same-day, or next-day appointments.

If you are having difficulty breathing or have a high fever or other worrisome symptoms, call 9-1-1.

[My Health LA](#), a free health care program with a network of more than 200 community clinics for low-income LA County residents who are 26 years or older, is also an available resource.

FAQ

SCU's comprehensive FAQ can be found <https://www.scuhs.edu/coronavirus-covid-19-information/>. The FAQ contains information about Academic Instruction, Student Support, Tuition/Fees, Financial Aid, and more.

Classes

Because of the campus closure, **all courses in all programs are being delivered online. Reopening of campus is currently scheduled for July 13, pending any additional updates.** Supporting student progress towards graduation remains a top priority for the University.

Additional Information

Los Angeles County has announced same-day tests for all LA County residents showing COVID-19 symptoms. For more information, visit <https://covid19.lacounty.gov/testing>

The Center for Disease Control (CDC) COVID-19 Situation Summary as of 05/29 can be found [HERE](#). The CDC also publishes information for travel, including information about countries with elevated risk, which can be found [HERE](#).

In the meantime, if you have any questions, please visit the SCU COVID-19 page [HERE](#) or email us at CampusSafety@scuhs.edu
